Keeping baby animals safe

Touch the pink buttons and see what happens.

‹ › Use the arrows to move backwards and forwards.

✕ Touch the cross to close a window.

Keeping baby animals safe

Keeping baby animals safe

Ah, rabbits live here . . .

These baby rabbits have a room of their own under the ground.

The mother pulls fur from her coat to keep them warm.

Keeping baby animals safe

Keeping baby animals safe

And here is a mother polar bear with
her babies under the deep snow.
