

Calendar of Events 2021-22

We expect that most of our meetings and training will take place in person. Where possible there will be an opportunity to join online. We will monitor the COVID-19 situation and will keep you informed via the Scenario weekly email if arrangements have to change based on government or university advice.

Scenario online socials take place monthly - see the weekly email for joining details.

Some dates and venues for events and workshops will be confirmed nearer the time.

Autumn Term 2021

21 September	Cohort 8 Induction	All day, UoR Meteorology 1L61
